ASSEMBLY INSTRUCTIONS

Orion table legs

Please read all instructions carefully before assembly.
Retain for future reference.

ASSEMBLY STEPS

1. Unpack all parts and check them against the contents list below before starting.
2. Lay the tabletop (D) face down on a soft, level surface.
3. Fit the levelling feet (C) into the underside of each leg frame (A).
4. Position both leg frames (A) on the top, aligned with the pilot holes.
5. Insert bolts (B) through each mounting plate, check both frames are square to the top, then tighten fully.
6. Turn the table upright and adjust the feet (C) until it is stable on a level floor.

WHAT'S IN THE BOX

A	Leg frame	2 pcs
B	M6 x 16 fixing bolts	16 pcs
C	Levelling foot	4 pcs
D	Tabletop	1 pc

TOOLS REQUIRED

4mm hex key (not included)

Care & assembly note

Do not fully tighten fixings until the base is square and level. For trade support, contact your Tabilo account manager.
